EXPERIENCE

Teaching Assistant Machine Learning
2021 - 2022, Rijksuniversiteit Groningen

Master Thesis
2021 - 2022, Rijksuniversiteit Groningen

Using Conceptors to overcome catastrophic forgetting in segmentation tasks with feed-forward neural networks

Machine Learning Engineer
2021, Prisjakt

Supplementing expert systems with Machine Learning algorithms to cluster products and enhance the customer experience

Teaching Assistant Neural Networks
2021, Rijksuniversiteit Groningen

Data Scientist
2019 - 2021, TKP Pension

Developing Machine Learning solutions for optimisation of internal processes and providing improved insight to customers

Bachelor Project
2019 - 2020, Rijksuniversiteit Groningen

Novel Encoding for Classification of (Viral) Biomoleculair Chains

Various Projects and Hackatons
2014 - 2021, various companies

EDUCATION

MSc Artificial Intelligence — Groningen (NL)
Rijksuniversiteit Groningen
2020 - 2022

BSc Artificial Intelligence+Honours College — Groningen (NL)
Rijksuniversiteit Groningen
2015 - 2020

Propaedeutic Degree in AI — Groningen (NL)
Rijksuniversiteit Groningen
2015 - 2016

Propaedeutic Degree in IT — Emmen (NL)
Stenden University
2014 - 2015
